RMHSTUDIOS HQ — 22 JUNE 2026 — RMHStudios today announced the appointment of **Michael Huang** as Chief Operating Officer of RMHStudios and Chief Executive Officer of **RMH PMC**, the firm's private military arm, effective immediately. The dual appointment was completed as an equity-linked executive placement, a structure the firm describes as aligning leadership and ownership "from the first day, and the first dollar."

Under the arrangement, Mr. Huang secured both offices through a direct capital contribution to the firm, made in exchange for the titles and a corresponding equity interest. RMHStudios characterized the structure as innovative, fully documented, and non-refundable. The consideration was received in cleared funds prior to this announcement.

"Running group operations and a private military takes conviction, discretion, and capital," said **Alex Wu**, Chief Financial Officer and Chief Uptime Officer of RMHStudios and Chief Executive Officer of RMH Capital. "Michael arrived with all three — and wired the one we could verify. His conviction cleared by Thursday."

"I believe in what RMHStudios is building, across every arm of it," said Mr. Huang. "I have now expressed that belief in the most measurable way available to me, and I look forward to operating — and commanding — an organization in which I am, in a meaningful and itemized sense, invested."

"I reviewed the transaction personally and verified every signature on it," said **Mahmoud Said**, Co-Chief Technical Officer of RMHStudios and General Managing Partner of RMHCombinator. "It is, in my professional assessment, completely authentic."

The Board of Directors reviewed the appointment and confirmed that the consideration had been received. The placement is subject to customary vesting and a standard lock-up.
